

Public Workshop: Developing Alternatives Exercise

Now that you have heard about the existing conditions in the 14th Street Bridge Corridor, you now have the opportunity to tell us what you envision for the area in the future.

Part One:

Use the map, tracing paper and markers to draw how you envision the corridor to appear in the year 2030. Feel free to write comments on the map or to use the post-it notes to describe your drawing.

Use:

- ▶ Blue for pedestrian improvements
- ▶ Green for bicycle improvements
- ▶ Red for transit and rail improvements
- ▶ Black for highway improvements
- ▶ Use other colors for ideas that don't fit into one of the above categories.

Part Two:

Using the flipchart and markers, write a list of improvements you would like to see in the 14th Street Bridge Corridor in the next 25 years.

A summary of the results of this exercise will be posted on the project website www.14thstreetbridgecorridoreis.com.
